IGI has been a proud leader of diesel engine industry sector ever since the company's establishment in 1977. Our wide range of products of locomotive components, Marine, and diesel generator components are the results of our advanced technology and years of accumulated know-how and experience, which we have developed over the years based on our principle, "Quality First."

Today, Indo German Industries has achieved world-wide recognition as a global brand and we promise to perform our role as a 'The Most Difficult we do first Impossible may take some time' through a creative and challenging approach. Working to achieve technological development.

We value and appreciate your continued interest and support, and hope that our this catalogue will provide an informative tour about our operations.

Thanking you in anticipation of your sincerest co-operation
